That's all Museum Celebration Day spirit, folks. And Tony Mendoza, the Anvil Herald Shop Foreman, and Publisher Burnis Lawrence display all the spirits wrapped into one. Mustaches are quite in

evidence [Tony is more so], the buttons speak for themselves when they say "See You Museum Day," and the pigs are waiting to be fed. They will be filled with money from interested

contributors and then auctioned off at the Purple Petticoat Saloon on Museum Celebration Day, Saturday, May 5. Join in and enjoy the fun! [Photo By Ted Mendoza]

## Highway 90 by-pass down the line some 15 years

Whether or not Highway 90 is built four lanes from San Antonio to Del Rio depends entirely upon the actions of county and city governments along the way.

This was the meat of the discussions Friday when some 100 persons gathered to hear Texas Highway Department officials talk about building the highway so that it would accommodate more traffic more safely and more comfortably.

Officials indicated that the Texas Highway Commission has reiterated the proposal to build this section of highway immediately upon cooperation with the county and city governments to acquire the right of way. Half of the cost of the right of way must be paid for by the local government. All construction costs will be paid for by state and federal funds.

The only official to take them up on the offer at the Friday meeting was Mayor Sammy Tschirhart of Castroville who indicated full support of the plan and voiced endorsement by his city.

Officials present for the meeting included: March Yancey, assistant to the state engineer; R. O. Lytton, San Antonio District Engineer; and Fred Clark, Del Rio District Engineer.

Yancey gave a brief outline on the present status of Highway 90 from San Antonio to Del Rio.

Lytton then gave a more detailed discussion on the Highway from the Medina County-Bexar County line to the Medina County-Uvalde County line.

Of importance to Medina County residents, Lytton said that the proposed plan would be to continue the existing design now enjoyed in Bexar County westward to near Castroville. At that point it would be narrowed in order to pass through the present location of that city and widen again at a point west of Castroville.

This widened section would continue to a point near State Highway 173, east of Hondo. From that point through the City of Hondo it would remain on the present location with a widened and improved section. West of Hondo, the widened section would resume to the Uvalde County line.

Inside the City of Hondo left turn lanes will be constructed where needed.

Lytton said that for the four lane construction to Castroville some 90 feet of additional right of way is needed, thus affording the highway a 100 foot median. West of Hondo some 150 feet of right of way are needed.

Building of the highway would continue in this manner to Del Rio. Existing right of ways would be used through other cities and improved.

Clark pointed out that some problem may arise in Sabinal due to the narrow right of way through the city. Eventual plans call for a by-pass to be constructed to the south of Sabinal (10-15 years).

Officials also indicated that by-passing Castroville and Hondo is some 15 years down the line.

Yancey, in referring to by-passes, told the group that when a by-pass is constructed the convenience of

## J.G. Barry files for mayoral spot

The tempo of city politics picked up considerably Monday with the filing of J. G. Barry, a candidate for mayor.

Barry, who served 35 years as superintendent in the Hondo Independent School District before retiring in 1971, seeks the slot

which is presently filled by Mayor George Brucks. However, Brucks has announced he will not seek the office again this year.

Two candidates filed for city alderman positions. R. V. Stanga filed as a candidate in Place 1 and incumbent G. P. Chapman filed for re-election to Place 2.

Place 1 incumbent alderman is A. D. (Andy) Patterson, who has said he does not wish to seek re-election.

Last week T. A. Lopez started the political action for this year's April 7 election by filing as a candidate for alderman Place 1.

Deadline for filing in the 1973 election is March 9.

## Chili beware

Now, you can't fault Bill Green when it comes to finding judges for his Southwest Texas Champion Cookoff at Museum Celebration Day, May 5.

He's "done got some beauties!" Take a look.

There's Linda Burton and Martha Buchanan from Television Station WOAI-Channel 4.

And Rita Trevino and Mary Denman from Television Station KENS-Channel 5. And Mary Denman's husband will come along to help with the tasting.

Then backing up the judges so that everything is in readiness Green has signed up three heavyweights to help with the chores, such as present the spiel to the public, weigh-in the meat and other odds and ends.

Heading this group will be Carney Barker Jim Fridle and he will be followed by Big Thumb Jack Winkler and Heavy Hand Harry Filleman.

Green says that this will be one of the biggest and "best" events of the festivities. He plans on charging an entry fee of about \$5.00 with plaques being awarded first, second and third best chili cookers. Then the chili will be sold, and all proceeds, minus expenses (to be audited by the Museum general chairman) will go to the Museum.

We'll have chili cookers from everywhere," Green promises, "and they'll beat the socks off anyone who enters-but you can go ahead and put your name down."

RENO STANGA

## Stanga files

Reno Stanga, a resident of Hondo for more than 21 years, has authorized the Anvil Herald to publish the following release concerning his candidacy for Alderman Place 1.

"This is to announce my candidacy for alderman, place 1, of the Hondo City Council and to solicit your support and vote on 7 April 1973.

"If elected to this position, I can not assure miracles, but I can and will promise 'ALL' that I will perform the duties of the position to the best of my abilities, striving toward the improvement of our community."

## Merchants plan big meeting

Breaking bread over a covered dish supper, Hondo Retail Merchants Association members Tuesday night plan a busy agenda.

President Jim Prenzler said the meat will be furnished and Association members are to bring vegetables or salad dishes or dessert.

He also said the meeting will cover such subjects as: election of officers, paid membership in the Association, night watchman, annual banquet (which is scheduled for October 2, 1973) welcome wagon, March and July promotions and the Pre-Christmas Sale in November.

"Please make every effort to be present," Prenzler urged members. "Let's get 1973 off to a productive year for the Hondo Business community."

### AN AVALANCHE

... of letters should flood the White House in protest to President Nixon's plan to pour billions of dollars into North Vietnam to help them re-build that country.

Not because Americans should be hard-hearted and have no compassion-but simply because Mr. Nixon is deliberately slapping the face of those Americans who have suffered the most in this tragic war. The poor people.

Yes, I believe the poor of America have suffered more in the loss of their loved ones, because more of them died in Vietnam than did the sons of more affluent families.

These people also have paid their share of the taxes it took to fight this war. Sure, many of them fell below the poverty line or were on welfare and had no direct taxes. But even then they paid taxes through rent and other ways.

And now, in addition to what he already has decided to cut on spending for humanity, Mr. Nixon has proposed billions of dollars for relief of the very people whose arrogant, domineering, ruthless, leaders kept this war going so that more than 55,000 Americans were killed and hundreds of thousands wounded. And he says this might bring about additional cuts in his budget at home.

I ask, "Haven't the American people suffered enough at the hands of the Communist warlords of North Vietnam? Do they now have to add more sacrifice in peace [??] by being deprived of the opportunity of being a first class American?"

I say let North Vietnam hold out its hand to China and Russia. That is who filled it with war machinery to kill our men and hundreds of thousands of South Vietnamese who only wanted to be left alone.

If Russia and China won't do it that's too bad. Let them do it on their own. You can bet your last peso that if the United States pours billions of dollars into the country, it won't change one person over there from being a fanatic Communist. They'll still stab us in the back anytime they get the opportunity.

Let's keep our money at home. Let's continue to give all Americans the opportunity through education, job training, housing and other areas to bring themselves out of poverty and become productive citizens.

Certainly, we have poured many dollars down the drain in some of our programs, but not all of them. I cannot believe that improved education, training for skilled jobs, and better housing have been a waste. They have been an asset to our country.

To take a man or boy off the street corner and send him to the Job Corps where he learns a skill and comes out able to hold down a job and earn his way, at the same time paying taxes, is not a waste. To insure that its sons and daughters will not be on welfare is not a waste.

To provide better educational training so that fewer youngsters will drop out of schools is not a waste.

To provide incentives and money for needy students to obtain a

## Tearing down to build

"I had a dream, and it appears that it might come true," said the Rev. George Stuebben, Pastor of St. John's Catholic Parish in Hondo, as he was interviewed by Anvil Herald's Tony Mendoza this week. He was referring to the St. John's Recreation Center Project which is slowly but surely making progress at the site of the old Guadalupe Catholic Church Grounds.

September of 1970 when Fr. Stuebben arrived, he saw the Guadalupe property full of weeds, brush, debris from the torn down school buildings, convent and recreation center. Some 30 loads were removed from the site and the City Administration of Hondo assisted in making the property a lesser eyesore in the community. Ferd Rock, Jr. donated the old church back to the parish and Lupe Alvarez headed up a committee to try to put the property in shape for a community recreation center. Interest lagged after a few months and finally the project was shelved until more help could be found. Father George said that about

two months ago a young man from the community with a real interest in the youth and senior citizens of Hondo asked if he might get together his friends and try to make a recreation center out of the property. Erasmo Trinidad and his committee have been hard at work and have already rehabilitated one building for the use of the St. Vincent de Paul Society and its work with the needy of the Barrio. Father George has given his full support to the project and together church and interested members of the community have joined hands in attempting to bring the dream of a center to a reality.

Plans call for the construction of a ball diamond, outdoor basketball and volleyball and tennis court and landscaping of the grounds. The old church building will be renovated and made into a recreation center featuring indoor games, dances, ping pong, weight lifting and even boxing if desired. It is also anticipated that the St. John's Recreation Association which will set the guidelines will be able to serve all members of the

community regardless of age, color or creed.

Volunteer labor is still needed as well as monetary donations. Call Erasmo Trinidad at 426-2765 or Fr. George at St. John's 426-2236. Make donations out to St. John's Recreation Fund and send to 2102 Ave. J. They are tax deductible.

It is also anticipated that provisions will be made for a daytime recreation center for senior citizens where they may play cards, talk and visit and perhaps indulge in cultural activities ... A dream come true!

# Letters from the mailbox

February 16, 1973  
Dear Sir:

In this crazy, mixed up world of ours, now and then something happens which serves to renew our faith in mankind. I would like very much to commend some members of the Highway Department in Medina County.

Last Wednesday afternoon, a Kerrville lady called to tell me she and her husband found 10 abandoned puppies at a rest area 18 miles out of Bandera on the Bandera-Hondo Road. One was almost dead. She brought it to Kerrville, nursed it and we have it impounded at our shelter. She said they were unable to bring back the other nine. But did leave some dog food for them. Someone else left some water.

Since I am a director in the Animal Welfare Society of Kerr County, I am greatly interested in caring for dogs and was concerned about the puppies because, as the lady said, they would not last out in the cold.

Mrs. Dan (Pat) Auld, Sr., also a society member, and I drove to the rest area after I got off from work. However, there were no puppies to be seen. Lots of tracks were visible along with tracks made by someone wearing tennis shoes.

Mrs. Carl Ellis, secretary of our organization, called the Highway Department at Hondo Thursday explaining the situation and requesting any possible information as to what happened to the puppies.

Today, Friday, her call was returned. Mrs. Ellis was told some maintenance men from the Department saw the puppies and shared their lunches with them. They then drove down the road in the hope of finding a rabbit which had been killed to bring back to the

pups for food. Upon returning to the area, a man from Iowa traveling alone to Mexico, saw the puppies' plight and drove to town for some milk to give them; then went on his way. Later, when the maintenance men returned, the puppies were gone, so it is presumed someone rescued them out of the kindness of their heart, or so we hope.

We appreciate the cooperation of your Highway Department in this matter and are exceedingly gratified at the gesture on the part of the men in trying to help the abandoned puppies. Needless to say, I am fed up with people dropping off puppies and kittens. The least they could do is try to find homes for them. That would be the humane thing to do. Spaying and neutering of animals also is urged to cut down on the overpopulation of animals. Anything you can do by means of publicity to help poor animals will be appreciated.

Thank you good people again. You must have hearts of gold. No wonder you call Hondo "God's Country".

Sincerely,

About a year ago, I saw an ad somewhere listing a book "Farm and Ranch Spanish". I am hoping I have addressed this letter to the right place and just in case I have I am enclosing a check for \$9.00 for two copies. If you cannot supply me with the two books, can you tell me where I can buy them?

Thank you.

## Poerner's Corner

Representative John H. Poerner

Our antiquated constitution is causing a very hurried order of business in this Session of the Legislature. There is so much to accomplish in a 140-day period of time. The constitution also provides that the first 60 days of the session shall be used for free introduction of bills while the remainder of the session is used for debate and passage of this legislation. The Senate has adopted a policy similar to the constitution where the House of Representatives have suspended (by four fifth vote) this constitutional provision and have been debating and passing bills for the last three weeks.

This constitutional restriction also works a hardship on introduction

of bills after the first 60 days. A member of the legislature must have a four fifth vote of either the House or the Senate to introduce a bill after this period of time which, this year, will be March 9th. For his reason, I am asking citizens of the 45th District to return the questionnaire as soon as possible so that we might have ample time to draft any legislation that may be needed for introduction prior to March 9th.

The response has been wonderful with about 100 copies being returned each day. A trend is beginning to develop as the returns are being tabulated and it is going to be very interesting to read the

final results. For example, incomplete returns indicate that the 45th District favors para-mutual betting. This seems to be true from Dilley to Johnson City as well as the populous San Marcos and Hays County. It is also interesting to note that more than 90 percent of the returns indicate a desire for proof of financial responsibility prior to the purchase of license plates.

I want to thank those citizens who have taken the time to answer their questionnaire as it certainly gives me a true "barometer" of the thoughts and opinions of the people I am privileged to represent.

college degree is not a waste.

No, I firmly believe all of these are absolutely necessary in our country. And I am for continuing the programs that will bring them about. Scrutinize them for administrative wastes certainly, but continue them.

Here in Medina County we are very concerned [not everyone I admit] about the curtailment of the REAP program for farmers and ranchers. These programs have proved beneficial to all Americans in helping improve the land that produces the food and fiber that keeps America and much of the world going. They will continue to do this if allowed to do so.

So, all I am trying to say is: "Let's tell Mr. Nixon that if he intends to punish Americans because the leaders of the world want to fight like cats and dogs, then we are against it. We believe all Americans have suffered enough at the hands of the North Vietnamese-don't add to that suffering by taking away our opportunities to become better citizens and giving them to the people who still want to see us "buried".

If we will pile enough letters on the White House lawn and in the halls of Congress, I believe he will change his mind.

## CHAMBER CORNER

By Lillian Porter  
Executive Secretary

Letters seem to be the high point this week, especially letters from young people whose animals were purchased by Hondo Merchants.

Let me share two of them with you:

"Dear Sirs:  
"Thank you for buying my Capon at the Junior Stock Show. I made a good profit and I thank you for the price you paid. I learned a lot from feeding my Capon and I was proud to get the Reserve Champion with him. Thank you again.

Sincerely,  
Lee Haile

"Dear Sirs:  
Thank you for buying my lamb at the Medina County Junior Stock Show. I realized a profit from my lamb feeding project. I learned that feed care and management on a feeding project help bring a better profit.

Sincerely,  
Henry Guerra  
Yancey"

Then we have another letter from a different group of young people of which we are equally proud.

"Dear Mrs. Porter:

The Hondo 4-H Dog Care and Training Club thanks you for being a true friend in helping us meet all our needs. Through 4-H Dog Care and Training boys and girls develop desirable habits, dignity of work, leadership and cooperation.

"Members of our club will participate in a Dog Show March 3 at HemisFair Plaza and in an All Breed Dog Show and obedience trial sponsored by the San Antonio

## Hondo short two policemen

The Hondo police roster is two patrolmen short this week following the firing of one and the resignation of another during the weekend.

Pete Pruneda was fired by Police Chief Jerry Williamson and Pat Reyna offered his resignation which was accepted.

The action came following the arrest of a suspect in a Saturday shoplifting incident at Winn's. Chief Williamson said the handling of the Mexican National was done with an unnecessary use of force.

Hound Club, Inc. on March 11.

## IN MAGAZINE

Les Baker with the Texas Highway Department called from Austin this week to gather some information on our Hondo road sign. He is putting it in the Texas Highway magazine.

Harry Filleman has loaned the Institute of Texas Cultures in San Antonio several items and this week received a letter from John L. Davis asking for another year on these items that are receiving such fine response from school tours and public visitors. They are: a three-piece waffle iron, five corn cobs, 10 fruit jars, one rawhide rope, one saddle blanket and one curry comb.

Received another letter from Nicholas De Paola, Jr. of North Brunswick, N. J. about moving his family to Hondo. He was asking about job opportunities.

Mr. and Mrs. Ottman from San Antonio were in asking about fishing near Hondo. Said they like our town-it has nice streets, clean and shopping is very good. They also were interested in Brown's Nursing Home and were going to check there for Mrs. Ottman's mother, who is 90. They might be future residents.

Received some information on canyon tours in New Lake Powell, Arizona. Seems they have some nice tours.

Mrs. Julius Wurzbach's daughter was in to get a Hondo map and she tells me her mother has moved into the Laura Lynda Apartments. We're very glad to have you as a Hondo resident after some 45 years. If there is anything the Chamber of Commerce can do to make moving and living here easier and better, please give us a call. (And this goes for all newcomers in Hondo.)

The Salvation Army and the Hondo-D'Hanis Little League both received generous donations from Universal-Rundle this past week. Little League officials say that \$165 contribution will certainly come in handy. President Albert Rowlett says: "Thank you, Wally Porter and Universal-Rundle."

## WELCOME WAGON

Lenie Johnson informed us that she is very interested in promoting the Welcome Wagon again. It has been discussed at our Directors' meetings and all were in favor-the only drawback we had no one to present it to the newcomers. Lenie is the answer and we do appreciate it. Anyone who has suggestions and helpful hints please call the Chamber (426-2015).

Fane Burt, editor of the Express-News Sunday edition, called about Medina County Museum visiting hours so he could place it in a write-up on area museums. Thanks, Fane.

And by the way, hours are 11 a.m. to 5 p.m. on Saturday and 1 to 5 p.m. on Sunday.

Now for the nitty-gritty part of the office: calls on different types of information, 13; job referrals, 21; housing, 9; letters and phone calls requesting deer leases, 7; javelina hunting, 1; Texas Highway maps, 1; Hondo City Map, 2; mailed answers to deer lease requests, 25; Salvation Army pickup, 4; Salvation Army bills paid, 1; credit rating information, 1; addresses and zip codes, 1; out of state maps and brochures, 3; acreage, 3; post card orders, 1; food commodity, 2.

That's all for this week; I'm pooped!

## State FFA president visits

Students at Hondo High School had a rare treat Thursday when Frederick McClure, the Texas state FFA president from San Augustine, visited the school.

Frederick told the students that each of them has a responsibility to America to help solve some of its problems.

During his speech everyone could see why he was president of the Texas FFA. Frederick is not only a good speaker, but he is also a good piano and organ player and singer and he proved this to the student body by playing and singing two songs after his talk.

Frederick McClure has been in the FFA national choir, a Texas delegate to the national convention, and he was also organist at last year's Texas state convention in Houston. Since he is the present Texas state FFA president he is head of the largest State Association in America where membership is 51,135. You have to be a special kind of person to do all that, and Frederick McClure is that kind of person.

## Amy Johnson achieves honor, gets Betty Crocker Award

Amy L. Johnson, daughter of Mr. and Mrs. Eddie Johnson, has been named Hondo High School's 1973 Betty Crocker Homemaker of Tomorrow. Chosen on the basis of scores in a written examination and attitude knowledge administered to high school seniors here and throughout the country last December 5, she will receive a specially designed award from General Mills, sponsor of the annual Betty Crocker Search for American Homemakers of Tomorrow. In addition, she remains eligible for state and national honors.

The State Homemaker of Tomorrow, to be selected from all school winners in the state in judging centering on results of the Dec. 5 test, will receive a \$1,500 college scholarship. A

AMY JOHNSON

20-volume reference work, "The Annals of America", will also be presented to the state winner's school by Encyclopedia Britannica Educational Corporation. The second-ranking student in the state will receive a \$500 scholarship.

In late April, the 51 Betty Crocker Homemak-

ers of Tomorrow representing every state and the District of Columbia -- each accompanied by a faculty adviser -- will gather in Washington, D.C., for an expense-paid educational tour of the capital city and Colonial Williamsburg, Va. Personal observation and interviews during the tour will be added to state-level judging results in the selections, to be announced at a dinner in Williamsburg, of the 1973 Betty Crocker All-American Homemaker of Tomorrow and three runners-up. Scholarships of the four national winners will be increased to \$5,000, \$4,000, \$3,000 and \$2,000.

Instituted in last year's Betty Crocker Search, a \$1,000 Nutrition Scholarship is also part of the program again this year. Recipient of this award will be the participating student who plans a college major in nutrition or a related field, ranks among the highest in his or her state on the overall examination and, from those meeting these two criteria, achieved the top score on the exam's nutrition questions.

## Our First ANNUAL TURKEY DINNER

## This week All she wrote by Edna McDade

What does it mean to be a woman in Corpus Christi? Sunday's Caller-Times gave 17 assorted definitions and here's one: "... finding a green lizard slithering up your refrigerator."

But the only American chameleon (Anolis carolinensis) I've found indoors so far was on a day in late June when I was unpacking several boxes marked "Kitchen" and had left an unscreened door open.

Lots of the friendly little busybodies scurry around the outside walls and fence and often stop for a visit in patio weather. I never tire of watching them. Their color changes from pale to brilliant green, a rich deep brown, lovely golden yellow, or a dull grey with white dots.

The male carries a peculiar throat pouch (dewlap) in varying shades of pink, registering that gentleman's mixed emotions.

It gets attention!

\*\*\*

One of the delightful advantages of living along the bay front is the constantly changing exhibit of nautical scenes it presents, free for the appreciative looking.

One such comes into full view on days when the sailboats are out. I am adding sea-going terms to my landlubber vocabulary. "Spinnaker" is one.

A sail is still a sail but the larger parachute-like sails are known as spinnakers. Many are the traditional white but in growing popularity are brightly colored ones made of nylon or dacron. Cost of these runs from about \$200 (as used on a 20-ft. boat) to \$1000 for a 45-footer.

A large boat entered in long ocean races might require as many as ten, to follow the ways of the winds.

Better check the bank balance before ordering too many.

\*\*\*

Along with the peace-war headlines, the battle of the Budget vs. HCL finds adequate space on page one, continued on ...

Find what consolation you can in comparing the week's prices at your favorite food store with these quotations from PANGNIRTUNG, N.W.T.

Bread \$1.25 loaf; eggs \$1.65 doz.; potatoes 30 cents lb., and so on-and-on-and-on.

But then, who wants to live on a Baffin Bay settlement in Canada's Northwest Territories?

\*\*\*

MARGARET (Mrs. Hilmer) HAEGELIN's picture greeted me from a page in the 1/15 morning paper. And, I submit that one picture is not always worth the traditional thousand or more words. I'd have preferred a talking visit.

Margaret was here attending the spring convention of DISTRICT VII TSGC of which she is a director. Properly identified in the morning news, she appeared under an alias as Mrs. HOMER Haegelin by afternoon. Also, she is now District VII parliamentarian.

I rise to a question of privilege and congratulate her--and may her interpretation of the accepted Rules of Order never be challenged!

\*\*\*

While on the subject of aliases, I foresee the day (crystal-gazing is one of my moonlighting jobs) when Mrs. PAUL (Ward) POPE might become better known in CAMP FIRE GIRLS, Inc., as "AWARD" Pope -- and at the National Council level, no less.

\*\*\*

I have reason to believe that how-what-when-where-why-and/or whoever the postal authorities are who guide the destinies and destinations of our mail must have read my complaints about having to wait until the following mid-week to receive the former week's Thursday Anvil-Herald.

For the past two weeks it has reached me the next day after publication date -- and you can't beat that for service. Maybe the holiday mails had something to do with circumstances-beyond-control.

\*\*\*

TED MENDOZA's snow pictures were wonderful, particularly the page one pix of Mr. Dude and his snow shovel "prop".

The "slogan so apt in days gone by", as applied to Letter Carrier ELGIN WIEMERS (whose ever-present smile would identify him anywhere) sent me to my BARTLETT's Familiar Q-book because it didn't sound quite right.

For the record, here is what the inscription on the Main Post Office, New York City says: "Not snow, nor rain, nor heat, nor gloom of night stays these couriers from the swift completion of their appointed rounds."

And it was Herodotus (484-424 B.C.) who attributed some of the same dependable characteristics to the Persian messengers of long ago.

Goodness only knows what they might have done in a tumble-weeded Texas duststorm but I'd bet an uncanceled 1-cent postage stamp that ELGIN would find a way to get the job done!

## Kidd Marine sells and services boats, motors

Stanley Kidd is one  
businessman in Hondo  
whose dreams of 20 years  
ago are coming true today.

He supplies fishing and  
pleasure boats, motors,  
and trailers in Hondo, and  
every day it seems the  
demand for boating sup-  
plies grows even larger.

Twenty-two years ago,  
many area lakes did not  
exist. Stanley Kidd was  
already in business in  
Hondo at that time. Today,  
with the addition of  
Amistad Lake in Del Rio  
and the development of  
lakes in the Hill Country,  
his business is larger than  
ever, and still growing.

Carrying the well-known  
Invader and Starcraft  
boats along with another  
brand name boat in  
Proline, Kidd has sizes  
from ten to 20 feet, for  
fishing, pleasure, or both.

Most are powered by  
Mercury or Johnson motors,  
two other trustworth-  
y names in American  
boating.

In addition to sales,

### EXPERT BOAT SALES AND MAINTENANCE

maintenance shop to keep any boat and motor in  
the finest running condition. Stanley Kidd (left)

service.

manager J. D. Stephens  
service all makes of boats  
and engines. This includes  
rebuilding, patching, re-  
painting, overhaul, or even  
custom building from

wood-boat days. Those  
were beautiful and long-  
lasting boats then.

"But today we have  
metal and fiberglass mod-  
els, and you can build  
them much more simply,  
without having to carve  
and fit individual pieces.

"The new glass boats  
are sleeker now, but  
sometimes I really like the  
old wood boats," he  
reminisced.

Making glass boats is a  
product of space-age sci-  
ence.

First, the mold is  
prepared, shaped exactly  
like the hull of a boat.  
Then, a kind of "glue"  
of fiberglass is poured  
the mold as a liquid. When  
the fiberglass hardens, it  
produces a pre-colored,  
mirror-finish surface that  
is perfect for water use.

Kidd has a large supply  
of the new glass boats,  
along with a good selec-  
tion of used glass and  
metal models.

Kidd is married, and he  
and his wife, Lisa, have a  
daughter, Carol Ann (Mrs.  
Richard) Finger of Hondo.

## Jones has shoes for entire family

In business in Hondo for 24 years is Jones Shoe Store.

Owner-manager Ralph Jones has seen Hondo grow as a stranger in World War II, and as a transplanted Hondoan since the war. His store has reflected and added to Hondo's growth over the years.

Born in Massachusetts, Jones came to Hondo during the war as a navigation teacher at Hondo Air Base, and later married a local Hondo girl.

Although an assignment sent Jones overseas for a tour of duty with a bomb group, he returned after the war and a brief stay in New England, to open his own shoe business here in Hondo.

His store was moved three times since then, from a small tile building on 17th Street to its present Avenue M location. Each change reflected a move toward more room, better location, and more space for his growing inventory.

The store has taken a careful, professional outlook on providing shoes for Hondo's citizens of

both sexes and all ages. A wide range of sizes and styles are available, and careful attention is given to buying shoes with the best fit and the highest quality possible at a reasonable price.

For ladies, Jones Shoe Store has the popular Arora, Hi Brow by Williams, Bootsters, and Thom McAn.

For men and boys, and now for women too, there are the well-known and respected Thom McAn shoes.

In addition to general-purpose shoes, Jones also supplies shoes for working and institutional needs. Redwing and Genesco work shoes can be found in several styles and many sizes. Nurse Mates for ladies are available also at Jones.

Assisting Jones in the store is his saleslady Mrs. Sam Moss, who will retire this spring after seven years of service. Also employed part time is Mae Rodriguez, who has been with the store for five months.

Ralph Jones and his wife, Ann, have five children, all graduates of Hondo High School. The

eldest, Eric, is employed as an engineer in Dallas. Stephen is an engineer in Portland, and Ralph Jr. is employed with Universal Rundle. The only Jones girl, Ann Gay, is attending Texas A&I University, and Michael is a sophomore at Texas Tech.

Ralph Jones has served twice as President of the Hondo Chamber of Commerce, along with being a Scoutmaster for seven

NOW, HERE'S HOW YOU SELL IT

Ralph Jones and Mrs. Sam Moss are eager to give the best fit possible in shoes for the entire family. Jones carries many styles and sizes in all kinds of shoes and boots, for dress, casual, and work wear.

**Every shoe has a sole. This one has a heart.**

A shoe is a lot like a woman. It looks good on the outside, but it's not so comfortable to live with if it hasn't got a heart.

Beneath its cool, elegant leather exterior, the Roma II is all heart... a heart of Avila. The new, soft, compassionate lining developed by Thom McAn.

Avila is almost as thin as a regular shoe lining, but when you walk it feels as comfortable as a thick cushion of leathers that cradles your foot.

If you were one of the 8 million guys who had it soft with the Roma I, you know the feeling.

If not, get into the Roma II and find out what it feels like to get turned on by taking a walk.

Only Thom McAn has the shoe that has a heart.

**Alamo Lumber s supplies builders**

For building materials including complete housing needs from concrete to roofing, Alamo Lumber Company fills the need.

One of 20 branch offices of Alamo Lumber Company headquartered in San Antonio, the Hondo business supplies contractors in Medina and surrounding counties, and also serves as a general contractor for custom and speculative building.

Manager Bud Johnson knows the lumber business well, having worked at Alamo since 1950. He is a Hondo native, well known and liked in the area.

Aiding Bud is Assistant Manager Ruth Grollmund. Three other employees, John Rohrbach, Manuel Duran and Erasmo Trinidad, see that customers are served well.

Also involved with Alamo Lumber Company are the many contractors, their laborers who do the actual building of the expanding number of houses in Hondo.

Roofing and insulation by Jones-Manville, and paints by James Bute are two nationally known brand names sold through Alamo Lumber Company.

Bud Johnson and his wife, Mary, have a daughter, Janet, who attends Southwest Texas State University at San Marcos.

They make Hondo their home, and are committed to its growth and development. In Bud's case, that growth is very real, in new housing for Hondo's present and future citizens.

"Everyone has some kind of dream of the kind of home they want," mentioned Bud.

"We are here to take that dream or idea and turn it into a new home, or a remodeled home for them."

**Mueller's offers 'Best service in town'**

"The Best Service in Town" is the motto at Mueller's Exxon Station.

The station has been managed and owned by Hilmer Mueller since February of 1962, when he purchased the station and went into business for himself.

Mueller and his men give prompt, friendly service for all motorists, and the repair shop handles some minor repair jobs, also. Such items as tailpipe, wheel, and brake jobs are handled at Mueller's with the highest degree of quality.

The station is also one of those designated in Hondo as an official Inspection Station for the annual motor vehicle inspection stickers.

Assisting Hilmer Mueller in the business are Pascual Mendoza, who has been there all eleven years; Joe Guajardo and Pat Russell. Also working at the station on a part-time basis are Manuel Duran, Alex Mendoza and Steve Spivey.

Hilmer is active in the community outside of his business. A City Councilman for five years, Mueller is also Hondo's Fire Chief, and was until this spring President of the Hondo Little League Association.

He and his wife have three children--Marcie, Steve and Becky.

# Natalia & Chacon Lake News Mrs. I. W. Thompson

FORMER YANCEY-resident has brought a little bit of Mexico to Sidney, Ohio through beautiful furniture with a Spanish accent, tasty Mexican dishes and graciousness. Mrs. Keith Bolin is shown here in her dining room. [Photo By Sidney Daily News]

## Yancey native brings little bit of Mexico to Sidney, Ohio

A former resident of Yancey is teaching them how in Sidney, Ohio—how to cook tasty Mexican dishes and enjoy the Spanish accent in furniture and living.

Or as the Sidney Daily News put it: "She brought a little bit of Mexico to Sidney."

Mrs. Keith Bolin, the former Francisca Solis, daughter of Mr. and Mrs. Frank Solis of Yancey, not only teaches them how to prepare enchiladas and tostadas, she also has an interesting menu for entertaining.

Here she includes glazed nuts, Mexicali Punch and

Mexicali Pastry, which she often serves following a dinner with the punch a favorite for weddings and other gatherings.

The Bolins also brought a little bit of Mexico to Sidney through their new home. They built their Spanish style home and have furnished it throughout with furniture with a Spanish accent. Some is antique, much is authentic.

Born and raised in Yancey, Mrs. Bolin has been employed by D. McCrea & Son in Yancey as a secretary and as a nurse at Medina Memorial Hospital.

She met her husband while he was serving with the Army at Fort Sam Houston. The two have two sons, Lonnie and Lyle.

A registered nurse in Texas, Mrs. Bolin worked in day care at the Sidney hospital until Lyle was born. She is an accomplished seamstress and only recently finished a wedding dress for a Sidney woman.

Joyce Davis, Localife Editor of the News, wrote the excellent article on Mrs. Bolin and ended it with a statement that will certainly find agreement at the Solis home in Yancey.

She said: "A talented young lady has come to Sidney to live."

Official Memorandum  
By  
DOLPH BRISCOE  
Governor of Texas

AUSTIN, TEXAS

GREETINGS:

The importance of agriculture in our State increases as Texas progresses. It is vital to our well-being in years to come that we have skilled farmers and ranchers to provide a plentiful supply of food products and also that we have those who will provide services to the farmer and process and distribute farm products.

The Future Farmers of America is composed of students who are studying vocational agriculture in the public schools in preparation for careers in the various phases of agriculture and agribusiness. In studying the science of agriculture, these FFA members are striving to continuously improve this great industry for the welfare of all citizens.

The Future Farmers organization continues to play an outstanding role in assuring the future progress and prosperity of our State and Nation. Texas now has more than 100 active FFA chapters with over 50,000 active members and more than a quarter of a million former members. During the past 45 years, the Texas Association, FFA, has performed valuable services to our State by developing leadership, encouraging cooperation, promoting good citizenship, teaching sound agricultural techniques and inspiring patriotism among its members. Much has been done also in involving members in civic and community service projects aimed at improving their local communities.

Therefore, I, as Governor of Texas, do hereby designate the week of February 17-24, 1974, as

FUTURE FARMERS OF AMERICA WEEK

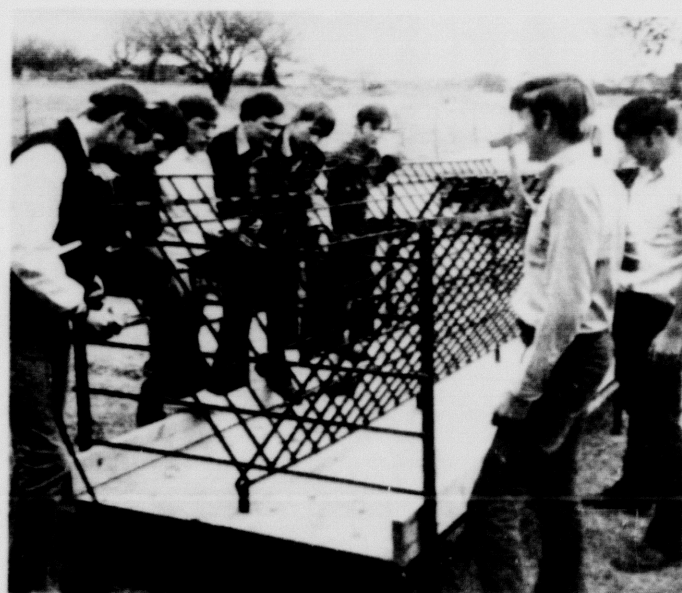

in Texas, and urge all citizens to join in appropriate observance.

In official recognition whereof, I hereby affix my signature this 10th day of Jan., 1974

# Owls meet defeat by Randolph

The Randolph Ro-Hawks brought the Owls abruptly down to earth Tuesday night at San Antonio, defeating them 62-52 in a bi-district clash.

The game played at Robert E. Lee Gymnasium saw the "Miracle" District Champ Owls, whom everyone (except the players) discounted at the season's beginning, lead the highly touted Ro-Hawks at half-time before bowing in the second half.

Taking a 26-25 lead into the dressing room for the midway break, the Owls returned to the court to see little Jim Roller lead a startling comeback.

The 5-9 guard, smallest man on the court, made up with deadly outside shooting what he lacked in altitude as the Ro-Hawks took a permanent lead one minute into the third quarter.

Aided by Joey DiQuinzio and Don Desso, Roller scored 22 points in the game. DiQuinzio finished with 15, Desso had 11, and Ed Schmitt sank 10.

The Owls overcame an early 9-2 deficit in the opening quarter and took the lead behind the shooting of Keith Ligon and Brian Finger. Ray Garcia gave the Owls their halftime lead with less than two minutes in the

half, breaking a 24-24 deadlock with a layup.

The Owls will lose only one Senior started from the squad, which included three starting Juniors and Sophomores. Next year's foes will not think lightly of the Owls, even though that Senior is none other than Kebo.

The Owls finished the season with a 13-7 record.

## HHS Golfers await good weather

There is one new sport on campus at Hondo High School which has so far not received much notice.

The Owl Golf Team will take to the links for the first time this season, coached by Hondo High School instructor Terry Tilley.

The only thing holding the golfers back so far is the weather. A scheduled match last Saturday among the Owls, Devine and Medina Valley was called off due to the inclement weather.

When things get a little warmer and dryer in Hondo, the greens will be blue with the HHS colors no doubt.

The next match is tentatively set for March 10 in Hondo among the same three schools. The District match will be held in Carrizo Springs on

and gave Hondo teams a combined record of 38-12, for a .760 percentage.

The Ro-Hawks will advance to the Regional Tournament in Kingsville to meet Luling at 11 a.m. Saturday.

The Owls were paced in the playoff game by Mike Groff's 14 points, followed by Keith Ligon with 13 and Brian Finger with 10.

March 26.

Competing for the Owls this year are Mark Graff, Brian Finger, Doug Helvey, Jim Leverett, David Leverett, Wayne Westbrook, Tom Marrs, Randall Hare and Tobin Tilley.

Of the team, the top five scorers in a pre-tourney qualifying match will travel to out-of-town tournaments, reports Coach Tilley.

## 4-H Rifle Club meets

The Hondo 4-H Rifle Club heard Mr. Reinartz given an excellent program on "American Heritage, the Constitutional Right to Keep and Bear Arms", at their regular February meeting.

Those having responsibilities at the meeting included Chris Cole, Keith Saathoff, Doug Cole, Patrick Richards, Sam Sandusky and Nancy Martin. Mr. Schrader announced District Roundup and a Junior Match at Kelly Rod and Gun Club.

Schrader presented Pro Marksman awards to Jay Wipff, Curtis Schrader, Allan Collier, Kay Martin, Curt Collier, Brian Bader and Brett Bader.

Marksman Awards went to Sam Nooner, Sam Sandusky, Paul Richards, Craig Heath, Nancy Martin and Steve Hannemann. Marksman first class and Sharpshooter awards went to Sam Nooner.

Chris Cole earned Sharpshooter Bars 2, 3 and 4. —Nancy Martin, Reporter

## District Champs

DISTRICT CHAMPIONS —that says it all for a team that was counted out as "too young" to take the loop crown this season.

But take it they did, with an undisputed title. Front row, left to right are Raul Rios, Jim Leverett, Gene McAnelly, Ray Garcia and

Brian Finger. Back row: Manager Alan Martin, Mike Hilberling, William Green, Doug Helvey, Kebo Ligon and Mike Groff.

## Baseball schedule announced

The Hondo Owl Baseball team, coached by Walt Rothe, will begin non-district play with a game in Hondo against Fredericksburg Friday, March 2.

The Owls are still not complete in personnel, with many baseball hopefuls involved in basketball until Tuesday night. Weather permitting, full-scale workouts will begin this week.

District play will open March 29 in Hondo with a night game against Devine.

The Owls are scheduled to play 22 games and compete in two tournaments.

On March 8, 9 and 10 Hondo will compete in the Carrizo Springs Tournament, and on March 15, 16 and 17, they will enter the Uvalde Tournament.

## MAST radios provided

The Military Assistance to Safety and Traffic (MAST) Program, has equipped five area hospitals with new communications equipment that will allow faster arrival at emergency scenes and direct contact between the air ambulance crew and hospital physicians.

Such immediate communication was not possible when the helicopters of the 507th Medical Company at Fort Sam Houston had to rely on the State Department of Public Safety radio net or the local telephone system for communication.

The hospitals receiving the new radios are in Floresville, Cotulla, Crystal City, Gonzales and Hondo. The new radios

will tune them in to the MAST air ambulance helicopters during transportation of their emergency case patients to San Antonio hospitals.

This expansion of the communications network means that 11 hospitals in the Alamo Region now have direct communication with the air ambulances. The other hospitals are the three Baptist hospitals in San Antonio, and hospitals in New Braunfels, San Marcos and Breckenridge in Austin.

This recent activity is just one more indication of how this program, which has flown over 700 life saving missions during the 2½ years of its operation, is contributing to the regional community.

# Cowboys play bi-district Monday

The D'Hanis Cowboys will play their bi-district basketball game against Nueces Canyon on Monday night, February 26, in Uvalde. Site of the playoff will probably be the gymnasium at Southwest Texas Junior College.

The Cowboys took their first district championship in history with a 5-1 district record. Runner-up Comstock was the only team to put a loss in the ledger but a second round victory by D'Hanis over Comstock evened the match. Comstock then lost to LaPryor to give the Cowboys a full game lead at season's end.

D'Hanis posted an overall season record of 13-5, including two pickup games after regular season play ended.

The second of those, against San Antonio Key-

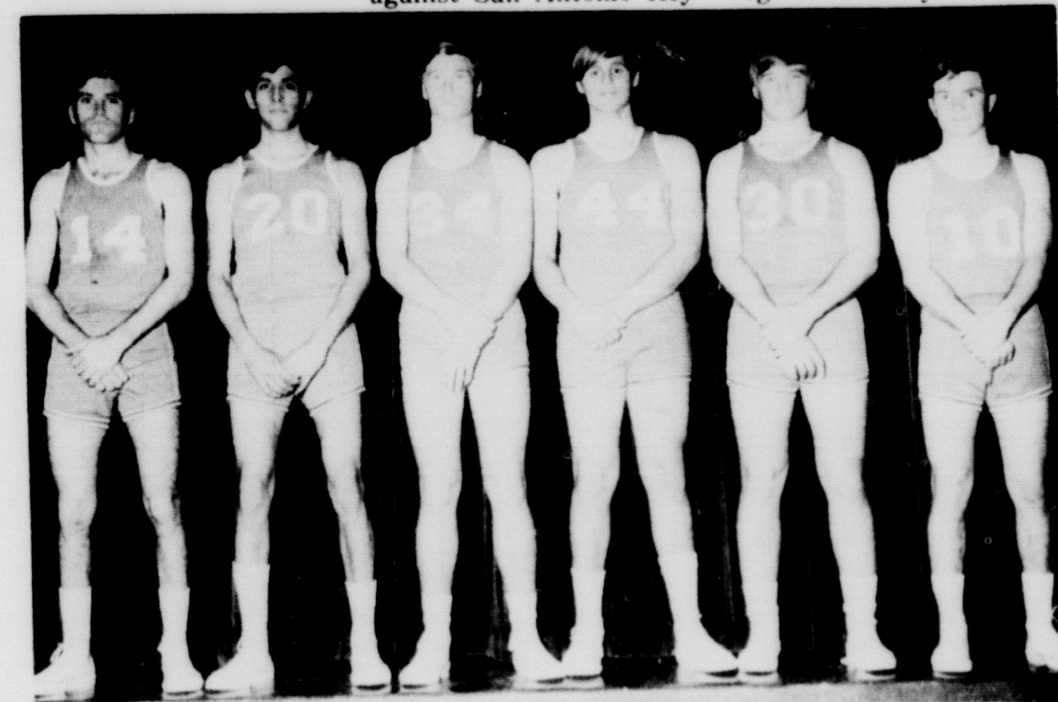

stone, resulted in a 65-46 Cowboy victory.

The Cowboys are coached by Herman Schlort, who has started out right with a district crown in his first year of coaching.

Nueces Canyon's Panthers were well on the way to a shoo-in undefeated district season, but the flu bug caught up with them at the finale, and Center Point handed the undermanned Panthers their only defeat. Final district record, 11-1. Final overall record, 18-4.

Nueces Canyon is no newcomer to the playoffs, having won their loop three seasons running.

A bi-district victory over Brackettville last season marked the peak of the Panthers' fortunes, as they were eliminated in the first round of the regional tourney.

## D'Hanis basketball starters

This sextet of D'Hanis Cowboys helped Charles Hood, Doug Kempf, Spencer bring the Class B school its first-ever Burrell and Bobby Joe Rothe. The team District title in basketball. Shown left to right are David Nester, Albert Rodriguez, Uvalde.

## Medina County youngsters win early at San Antonio

Medina County 4H members won several honors in the San Antonio Livestock Show last week. In the Crossbred lamb division Rob Elliott of Natalia won first place with his light weight lamb.

Renie Lee Gilliam of Hondo placed 6th with her heavy weight crossbred lamb. Walt Elliott placed 7th with light weight Hampshire and Laurie Hollmig of Hondo won 11th in the same class. Clinto Elliott received a 6th place ribbon on his Southdown lamb. David Bragg placed 6th in the open show with his Hampshire lamb.

In the steer division Herbert Watson of Devine placed 3rd with his Brahman Cross Steer.

Wesley Watson placed 5th on hoof in the Brahman Cross Carcass contest. Karla Helvey of Hondo placed 6th with her shorthorn steer. Shirley Wurzbach of Rio Medina won 13th with her angus steer. Other Medina County 4H exhibitors included Sandra and Paula Moos of Hondo; Bill and Andy Allen and Warren Watson of Devine; Earl Wurzbach of Rio Medina; and Scott and Tom Elliott of Castroville.

Brian McGrath, Sandra King of LaCoste, Tammy and Wayne Rodgers of Castroville will be showing swine in the San Antonio show Thursday, February 15.

Four Medina County 4H members will participate in the Calf Scramble Sunday, February 18. They are Garland Bader of Hondo, Mike Hayter of Castroville, Larry Sultenfuss of Devine and Francis Haby of Rio Medina.
